REPLY TO NOTICE OF DRAFTSPERSON'S PATENT DRAWING REVIEW

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

The Applicant has reviewed the Notice of Draftsperson's Patent Drawing Review dated July 27, 2006. In the Notice, the draftsperson objected to the Margins of FIGS. "3, 5c, 6f"; objected to the Character of Lines, Numbers, & Letters of FIGS. "2, 5b, 5c" as having poor line quality; and objected to the Numbers, Letters and Reference Characters of FIGS. "2, 5b, 5c" as being less than the minimum required height.

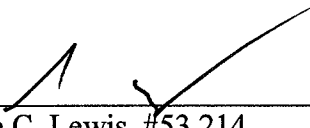

In revising the FIGS. identified by the draftsperson, Applicant noted there is no FIG. 2, but rather FIGS 2a, and 2b. In addition, Applicant noted that some of the objections made in the Notice may be applicable to certain drawings not specifically objected to by the draftsperson.

Out of an abundance of caution, Applicant herein submits a new, complete set of revised drawings correcting all deficiencies noted by the draftsperson. No matter has been added by these drawings and the only changes have been to format including line weights, margins, and text size.

Applicant now feels the application is in a condition for issuance and prompt issuance of the application respectfully requested.

Respectfully submitted,

Dated: 6/15/07
